

BD REPELLENT

Rest Easy, there is virtually no situation where problem insects occur that can't be defended - Naturally!

BUG DEFENCE™ is the industry's first proprietary, university validated, FIFRA (25b) exempt repellent that creates a natural barrier between you and flying and biting insects. You are protected whenever you, your family, or guests are enjoying the outdoors.

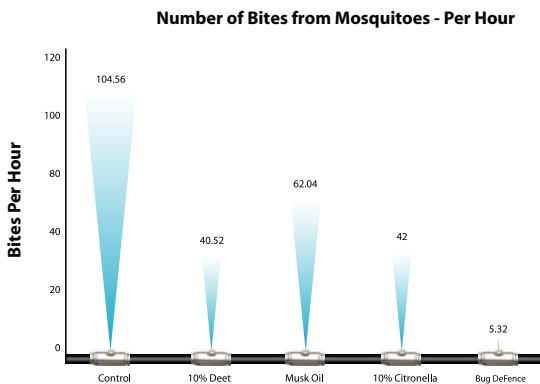

BUG DEFENCE repellent is made from all-natural, non-toxic ingredients. It contains no alcohol, is non-flammable and will not stain or damage furniture or plastic products it comes in contact with.

Our repellent has been tested by a leading university to provide 100% protection from feeding mosquitoes immediately after application.

Bug DeFence repellent is available in 34oz, 1, 5 and 55 gallon containers.

BUG DEFENCE VS. OTHER LEADING REPELLENTS
